Welcome to Sidecar Health.

We believe there is a better approach to healthcare, and we're excited to work with you to get the word out about our employer-sponsored product.

Our journey started when Patrick found out he could save \$970 by paying for an MRI with his VISA card instead of using traditional health insurance. This was a revelation. So, we built a new type of insurance based on paying cash that allows everyone to save.

Our system is anchored in transparency, where members can choose their own doctors and pay a cash price at the time of service. By shopping for care, members can access quality healthcare at prices that work for them. Employers also benefit from significantly reduced rates compared to other traditional group health insurance plans while still providing their employees excellent health insurance benefits.

We believe there is a better approach to healthcare and we're excited you've joined our community. We're thrilled to have you with us.

Welcome to modern, common sense health insurance

Robust major medical coverage with unprecedented access

Sidecar Health provides unparalleled, affordable access to quality healthcare. Our members can see any doctor, shop around to see who offers the best price, and can keep the savings.

Quality and access

Goodbye, network limitations. Members can see any licensed healthcare provider they want.

Transparency in coverage

Members know their coverage and calculate costs on the Sidecar Health member portal.

Budget friendly premiums

Our plans feature competitive premiums and lower costs of overall care.*

Member care

White glove service every step of the way.

Industry leading compensation

We recognize the important role that you play and feel you deserve to be compensated properly. That's why Sidecar Health offers industry leading compensation and opportunities throughout the year to earn more through company initiatives.

*Cash rates are, on average 40% lower than commercially negotiated rates. 60% of claims filed by our members are at or below the average cash market rate. Savings estimate based on a study of more than 1 billion claims comparing self-pay (or cash pay) prices for a frequency-weighted market basket of procedures to insurer-negotiated rates for the same. Claims were collected between July 2017 and July 2019. R. Lawrence Van Horn, Arthur Laffer, Robert L. Metcalf. 2019. Here's how Sidecar Health works for your clients

When members need care, we've got them covered. They just need to follow these 4 simple steps.

STEP 1

Know their benefits

Members use the Sidecar Health member portal to find the exact Benefit Amount their plan pays for any procedure, test, or drug they need.*

STEP 2

Choose their provider

Sidecar Health has no networks so members can see any provider who accepts VISA or cash payment. They can compare prices between doctors to find the best price.

STEP 3

Use the Sidecar Health VISA benefit card

Members pay for their care directly using the Sidecar Health VISA benefit card. This convenient card allows members to pay for medical services on the spot.

STEP 4

Submit their claim

Members request an itemized medical invoice (superbill) from their provider, snap a picture, and upload it to the member portal. That's it!

*Subject to policy terms and conditions.
