

Sidecar Health Specialty Pharmacy Drug List

The **Sidecar Health Specialty Pharmacy Drug List** is a guide of which specialty medications are available and distributed through our specialty pharmacy partner, CVS Specialty®. Sidecar Health has partnered with CVS Caremark Specialty to provide our members access to limited distribution drugs that are generally not available at a retail pharmacy. Although your Benefit Amounts for prescription drugs will always be the same no matter what pharmacy you choose for your specialty medications, specialty medications from a CVS Caremark Specialty Pharmacy are prechecked to be at [or below] your Benefit Amount. If you have questions, call Sidecar Health Member Care at (855) 282-0822.

With more than 40 years of experience, CVS Specialty's network of pharmacies includes certifications and accreditations from the Joint Commission, Utilization Review Accreditation Commission (URAC), the National Association of Boards of Pharmacy (NABP) and the Accreditation Commission for Health Care (ACHC). These nationally recognized symbols reflect the organization's commitment to meet highest standards of quality, compliance and safety.

This list may be updated quarterly.

Prospective Patents: Ready to get started? [Enroll to get your medications at CVS Specialty or call \(800\) 237-2767.](#)

Specialty products distributed by CVS Specialty, as well as products covered by a member's prescription or medical benefit plan, may change from time to time. In addition, a member's specific benefit plan design may not cover certain products or categories, regardless of their appearance on this document. Call CVS Specialty at 1-800-237-2767 (TTY: 711) for specific medications available through CVS Specialty [same comment – please confirm]. Listing is subject to change. This document contains references to brand-name prescription drugs that are trademarks or registered trademarks of pharmaceutical manufacturers not affiliated with Sidecar Health or CVS Specialty. Fax: 1-800-323-2445; e-Prescribe: CVS Specialty Pharmacy.

*Indicates Limited Distribution drug distributed only by Coram® CVS Specialty Infusion Services.

Specialty products distributed by CVS Specialty, as well as products covered by a member's prescription or medical benefit plan, may change from time to time. In addition, a member's specific benefit plan design may not cover certain products or categories, regardless of their appearance on this document. Call CVS Specialty at 1-800-237-2767 (TTY: 711) for specific medications available through CVS Specialty [same comment – please confirm]. Listing is subject to change. This document contains references to brand-name prescription drugs that are trademarks or registered trademarks of pharmaceutical manufacturers not affiliated with Sidecar Health or CVS Specialty. Fax: 1-800-323-2445; e-Prescribe: CVS Specialty Pharmacy.

*Indicates Limited Distribution drug distributed only by Coram® CVS Specialty Infusion Services.
