Understanding the External Review Process

Right to External Review

If we make an adverse benefit determination based on (1) medical necessity, (2) appropriateness of care, (3) healthcare setting, (4) level of care, (5) effectiveness of care, or (6) a determination the service or treatment is experimental or investigational, you may have the right to have our determination reviewed by an independent healthcare professional who has no association with us. For an adverse benefit determination to be eligible for external review you must file an internal appeal with us according with the procedures of this plan, and we must refuse to change our initial adverse decision. Requests for external review must be submitted through:

Georgia Office of Insurance and Safety Fire Commissioner
Consumer Services Division
2 Martin Luther King Jr. Drive
west Tower, Suite 716
Atlanta, GA 30334,
Phone: (404) 656-2056, or (800) 656-2298 (toll free) or (404) 656-2070.

You may also make a request for an external review of an adverse benefit determination if the Plan failed, because of our actions or our failure to act, to provide you with a final determination of your appeal within the time permitted; or if the Plan waives, in writing, the requirement to exhaust the internal claims and appeals procedures. All requests for an external review must be made within 120 days of the date of the notice of our final adverse benefit determination.

Request for External Review by Insurance Commissioner

Within 1 business day after the receipt of your request for external review, the Commissioner will send a copy of the request to us. Within 5 business days, we will complete a review of the request. Upon completion of our review, we will notify the Commissioner and you whether:

(1) The request is complete and eligible for external review;
(2) The request is not complete and the information or materials needed to make the request complete; or
(3) The request is not eligible for external review, the reasons for ineligibility and your right to appeal to the commissioner. If you appeal, the Commissioner may determine that your request is eligible for external review.

If the Insurance Commissioner upholds the plan's decision. If you file a request for an external review with the Commissioner and if the Commissioner upholds our decision to deny the external review because you did not follow the Plan's internal claims and appeals procedures, you must resubmit your appeal according to our internal claims and appeals procedures within 10 days of the date of your receipt of the Commissioner's decision. The clock will begin running on all the required time periods

described in the internal claims and appeals procedures when you receive this notice from the Commissioner.

Within 1 business day after the Commissioner receives notice from us that the request is eligible for external review, the Commissioner will:

(1) Assign an IRO;

(2) Provide US the name of the IRO. Within 5 business days after the date of receipt of this notice, we will provide the IRO with all documents and information we considered in making the adverse benefit determination;

(3) Notify you in writing:

(a) The eligibility of your request and acceptance for external review;
(b) your right to submit additional information in writing to the IRO and the time limits for submitting information.

As part of the external review, you will be required to authorize the release of any medical records that may be required to be reviewed for the purposes of reaching a decision on the external review.

All Reviews Retrospective. This Plan does not require prior authorization. All claims are adjudicated retrospectively. No expedited review is available for adverse benefit determinations made after receipt of the healthcare service or services in question.

External review for experimental and/or investigational treatment. You may request an external review of an adverse benefit determination based on the conclusion that a requested healthcare service is experimental or investigational, except when the requested healthcare service is explicitly listed as an excluded benefit under the terms of the health benefit plan. To be eligible for an external review under this provision, your treating Physician must certify that one of the following situations is applicable:

(1) Standard healthcare services have not been effective in improving your condition;
(2) Standard healthcare services are not medically appropriate for you; or
(3) There is no available standard healthcare service covered by the health plan issuer that is more beneficial than requested healthcare service.

If the external review involves experimental or investigational treatment, within 1 business day after the IRO receives notice of assignment to conduct the external review, the IRO will select one or more clinical reviewers to conduct external review. The chosen clinical reviewer(s) will review all information and provide a written opinion on whether the service should be covered within 20 days after being selected.

sidecar health.

Understanding the External Review Process

Independent Review Organization. An external review is conducted by an independent review organization (IRO) selected by the Commissioner. The IRO will provide you with a written notice of its decision to either uphold or reverse the plan's adverse benefit determination within 45 days of receipt of the request for external review. If the external review is for an experimental and/or investigational treatment, the IRO will provide determination within 20 days of being assigned by the Commissioner. The IRO's decision is binding on the company. If the IRO reverses the health benefit plan's decision, the plan will immediately provide coverage for the healthcare service or services in question.

If the IRO requires additional information from you or your healthcare provider, the IRO will tell you what is needed to make the request complete.

If the plan reverses its decision. If the Plan decides to reverse its adverse determination before or during the external review, the Plan will notify you, the IRO, and the Insurance Commissioner within one business day of the decision.

If the IRO upholds the Plan's decision, you may have a right to file a lawsuit in any court having jurisdiction.
